System Requirement Specification

- SRS-1.1.1.** The system shall display the course creation pop-up interface.
- SRS-1.1.2.** The system shall provide text fields for the course name, course ID, course section, and course credit in the post creation interface, in order to fill in the course details.
- SRS-1.1.3.** The system shall provide a Create button to create a course.
- SRS-1.1.4.** The system shall provide a Cancel button to cancel the action.
- SRS-1.1.5.** The system shall display the created course in the Courses menu section.
- SRS-2.2.1.** The system shall display the join course pop-up interface.
- SRS-2.2.2.** The system shall provide a text field for course code in the join course interface.
- SRS-2.2.3.** The system shall provide a Join button to join the matching code course.
- SRS-3.3.1.** The system shall display the unenroll button of each enrolled course.
- SRS-3.3.2.** The system shall not display the unenrolled course in the Courses section.
- SRS-4.4.1.** The system shall provide the link in the teacher system homepage to the assignment management interface.
- SRS-4.4.2.** The system shall provide the service to show the list of assignments of the course in four categories (Not turned in, Turned in, Late, Graded).
- SRS-4.5.1.** The system shall display the assignment creation pop-up interface.
- SRS-4.5.2.** The system shall provide text fields for topic, description, score, and weight in the course creation interface.
- SRS-4.5.3.** The system shall provide selections for file, due date, and due time in the course creation interface.
- SRS-4.5.4.** The system shall provide a Post button to post an assignment.
- SRS-4.5.5.** The system shall display the created assignment post in the Assignments section.
- SRS-4.6.1.** The system shall display the submitted assignment details.
- SRS-4.6.2.** The system shall provide text fields for scores and comments.
- SRS-4.6.3.** The system shall provide a Submit button to submit the grading of the assignment.
- SRS-4.7.1.** The system shall display the Delete button for each assignment post.
- SRS-4.7.2.** The system shall not display the deleted assignment in the Assignments section.
- SRS-5.8.1.** The system shall provide the link in the system homepage to the announcement management interface.
- SRS-5.8.2.** The system shall provide the service to show the list of assignments of the course in four categories (forthcoming, past due, graded, and completed).
- SRS-5.9.1.** The system shall provide a View Assignment link to display the assignment details.
- SRS-5.9.2.** The system shall provide selections for files in assignment details.
- SRS-5.9.3.** The system shall provide a Submit button to submit an assignment.
- SRS-5.9.4.** The system shall display the submitted assignment post in the Completed section.
- SRS-5.10.1.** The system shall display the submitted assignments in the Completed section.
- SRS-5.10.2.** The system shall provide an Unsubmit button to unsubmit an assignment.
- SRS-5.10.3.** The system shall display the unsubmitted assignment post in the Forthcoming or Past Due.
- SRS-6.11.1.** The system shall provide the link in the teacher system homepage to the announcement management interface.

SRS-6.11.2. The system shall provide the service to show the list of announcements of the course.

SRS-6.12.1. The system shall display the post creation pop-up interface

SRS-6.12.2. The system shall provide text fields for the topic and description sections in the post creation interface, in order to fill in the announcement post details.

SRS-6.12.3. The system shall provide a Choose File button to select attaching files.

SRS-6.12.4. The system shall provide a Post button to post an announcement.

SRS-6.12.5. The system shall display the created announcement post in the Announcements section.

SRS-6.13.1. The system shall provide a service and button to delete an announcement post

SRS-6.13.2. The system shall not display the deleted announcement in the announcement section.

SRS-7.14.1. The system shall provide the link in the student system homepage to the announcement management interface.

SRS-8.15.1. The system shall provide the link in the teacher system homepage to the attendance record interface.

SRS-8.15.2. The system shall provide the service to show the list of attendance records for each date.

SRS-8.15.3. The system shall provide the service to show the list of attending dates

SRS-8.16.1. The system shall display the attendance record creation pop-up interface

SRS-8.16.2. The system shall provide date fields for the date sections in the attendance record creation interface, in order to fill in the attendance record details.

SRS-8.16.3. The system shall provide a Create button to create an attendance record.

SRS-8.16.4. The system shall display the created attendance record in the attendance section.

SRS-8.17.1 The system shall provide a dropdown box for students' attendance statuses (present, absent, and late).

SRS-8.17.2 The system shall provide a text field for a remark section for each student.

SRS-9.18.1. The system shall provide the link in the student system homepage to the attendance record interface.

SRS-10.19.1. The system shall provide text fields for the grade sections in the students' grades list interface, in order to fill in the letter grade of each student.

SRS-10.19.2. The system shall provide a save button to save the inputted grade.

SRS-10.19.3. The system shall display the assigned grade in the grade section.

SRS-10.20.1. The system shall provide an edit button to edit the existing grade.

SRS-11.21.1. The system shall provide the service to show the list of all assignments' grades of the course.

SRS-11.21.2. The system shall provide the link in the student system homepage to the grades interface.

SRS-11.23.1. The system shall provide the service to show the list of all courses' grades.

SRS-11.23.2. The system shall provide the service to show the graph of overall grades.

SRS-11.23.3. The system shall provide the tab on the system homepage to the grade overview interface.

SRS-11.24.1. The system shall provide the service to show the list of all students' grades for the course.

SRS-11.24.2. The system shall provide the link in the teacher system homepage to the grades interface.

SRS-11.25.1. The system shall provide a Check button to display the assignment details of all students in the specific course.
