5	<b>SRS-1.1.5.</b> The system shall display the created course in the Courses menu section.		
6	<b>SRS-2.2.1.</b> The system shall display the join course pop-up interface		
7	<b>SRS-2.2.2.</b> The system shall provide a text field for course code in the join course interface.		
8	<b>SRS-2.2.3.</b> The system shall provide a Join button to join the matching code course.		

9	<b>SRS-3.3.1.</b> The system shall display the unenroll button of each enrolled course.		
10	<b>SRS-3.3.2.</b> The system shall not display the unenrolled course in the Courses section.		
11	<b>SRS-4.4.1.</b> The system shall provide the link in the teacher system homepage to the assignment management interface.		
12	<b>SRS-4.4.2.</b> The system shall provide the service to show the list of assignments of the course in four categories (Not turned in, Turned in, Late, Graded).		
13	<b>SRS-4.5.1.</b> The system shall display the assignment creation pop-up interface.		
14	<b>SRS-4.5.2.</b> The system shall provide text fields for topic, description, score, and weight in the course creation interface.		
15	<b>SRS-4.5.3.</b> The system shall provide selections for file, due date, and due time in the course creation interface.		
16	<b>SRS-4.5.4.</b> The system shall provide a Post button to post an assignment.		
17	<b>SRS-4.5.5.</b> The system shall display the created assignment post in the Assignments section.		
18	<b>SRS-4.6.1.</b> The system shall display the submitted assignment details.		

19	<b>SRS-4.6.2.</b> The system shall provide text fields for scores and comments.		
20	<b>SRS-4.6.3.</b> The system shall provide a Submit button to submit the grading of the assignment.		
21	<b>SRS-4.7.1.</b> The system shall display the Delete button for each assignment post.		
22	<b>SRS-4.7.2.</b> The system shall not display the deleted assignment in the Assignments section.		
23	<b>SRS-5.8.1.</b> The system shall provide the link in the system homepage to the announcement management interface.		
24	<b>SRS-5.8.2.</b> The system shall provide the service to show the list of assignments of the course in four categories (forthcoming, past due, graded, and completed).		
25	<b>SRS-5.9.1.</b> The system shall provide a View Assignment link to display the assignment details.		
26	<b>SRS-5.9.2.</b> The system shall provide selections for files in assignment details.		
27	<b>SRS-5.9.3.</b> The system shall provide a Submit button to submit an assignment.		
28	<b>SRS-5.9.4.</b> The system shall display the submitted assignment post in the Completed section.		

29	<b>SRS-5.10.1.</b> The system shall display the submitted assignments in the Completed section.		
30	<b>SRS-5.10.2.</b> The system shall provide an Unsubmit button to unsubmit an assignment.		
31	<b>SRS-5.10.3.</b> The system shall display the unsubmitted assignment post in the Forthcoming or Past Due.		
32	<b>SRS-6.11.1.</b> The system shall provide the link in the teacher system homepage to the announcement management interface.		
33	<b>SRS-6.11.2.</b> The system shall provide the service to show the list of announcements of the course.		
34	<b>SRS-6.12.1.</b> The system shall display the post creation pop-up interface.		
35	<b>SRS-6.12.2.</b> The system shall provide text fields for the topic and description sections in the post creation interface, in order to fill in the announcement post details.		
36	<b>SRS-6.12.3.</b> The system shall provide a Choose File button to select attaching files.		
37	<b>SRS-6.12.4.</b> The system shall provide a Post button to post an announcement.		

38	<b>SRS-6.12.5.</b> The system shall display the created announcement post in the Announcements section.		
39	<b>SRS-6.13.1.</b> The system shall provide a service and button to delete an announcement post		
40	<b>SRS-6.13.2.</b> The system shall not display the deleted announcement in the announcement section.		
41	<b>SRS-7.14.1.</b> The system shall provide the link in the student system homepage to the announcement management interface.		
42	<b>SRS-8.15.1.</b> The system shall provide the link in the teacher system homepage to the attendance record interface.		
43	<b>SRS-8.15.2.</b> The system shall provide the service to show the list of attendance records for each date.		
44	<b>SRS-8.15.3.</b> The system shall provide the service to show the list of attending dates.		
45	<b>SRS-8.16.1.</b> The system shall display the attendance record creation pop-up interface		
46	<b>SRS-8.16.2.</b> The system shall provide date fields for the date sections in the attendance record creation interface, in order to fill in the attendance record details.		

47	<b>SRS-8.16.3.</b> The system shall provide a Create button to create an attendance record.		
48	<b>SRS-8.16.4.</b> The system shall display the created attendance record in the attendance section.		
49	<b>SRS-8.17.1</b> The system shall provide a dropdown box for students' attendance statuses (present, absent, and late).		
50	<b>SRS-8.17.2</b> The system shall provide a text field for a remark section for each student.		
51	<b>SRS-9.18.1.</b> The system shall provide the link in the student system homepage to the attendance record interface.		
52	<b>SRS-10.19.1.</b> The system shall provide text fields for the grade sections in the students' grades list interface, in order to fill in the letter grade of each student.		
53	<b>SRS-10.19.2.</b> The system shall provide a save button to save the inputted grade.		
54	<b>SRS-10.19.3.</b> The system shall display the assigned grade in the grade section.		
55	<b>SRS-10.20.1.</b> The system shall provide an edit button to edit the existing grade.		

56	<b>SRS-11.21.1.</b> The system shall provide the service to show the list of all assignments' grades of the course.		
57	<b>SRS-11.21.2.</b> The system shall provide the link in the homepage to the grades interface.		
58	<b>SRS-11.23.1.</b> The system shall provide the service to show the list of all courses' grades.		
59	<b>SRS-11.23.2.</b> The system shall provide the service to show the graph of overall grades.		
60	<b>SRS-11.23.3.</b> The system shall provide the tab on the system homepage to the grade overview interface.		
61	<b>SRS-11.24.1.</b> The system shall provide the service to show the list of all students' grades for the course.		
62	<b>SRS-11.24.2.</b> The system shall provide the link in the teacher system homepage to the grades interface.		
63	<b>SRS-11.25.1.</b> The system shall provide a Check button to display the assignment details of all students in the specific course.
